

Development Roadmap

June 2018

SpiraTest is the highly acclaimed integrated requirements, test-case and defect management system from Inflectra. This roadmap document outlines the functionality currently planned for the next releases of the system. However we are responsive to customer feedback, and the exact composition of each release may vary from this roadmap as a result. If you have any feedback or suggestions regarding this release schedule, please send us an email at support@inflectra.com with comments.
